- 173 institutions have been redesigned.
- With the Public Administration Renovation, the government has accomplished a significant reduction of its expenses. Total savings have been \$1.035.115 millions of pesos, from August 2002 to August 2006.
- Closing of TELECOM and creation of Colombia Telecomunicaciones: The liquidation allowed the institution to generate an income of \$804 thousand million Colombian pesos in 2003 and to surpass the deficit of more than half billion pesos that Telecom generated before its closing.
- Spin off decreed ECOPETROL: Corporation owned 20% by private sector.
- INRAVISION Suppression and creation of RTVC: With this reform \$27.013 million pesos have been saved in payroll.
